

Center for Science Education and Communication (Formerly known as Science Park)

First Floor, Department of Environmental Science, Savitribai Phule Pune University
Ganeshkhind, Pune 411 007, India

Prof. D. G. Kanhere
Distinguished Professor
Co-ordinator

To Whomsoever It May Concern

This is to certify that Saloni Gandhi a lively, diligent, and ambitious student of MIT - WPU studying in B. Tech, School of Computer Engineering and Technology has worked under the guidance and mentorship of Ms. Gouri Keskar and Dr. Dilip G. Kanhere Founder and Coordinator of Science Park by Savitribai Phule Pune University on the project titled "Project Athena".

Saloni along with two other members of her team harmoniously and efficiently built an interactive E-learning gaming website using HTML, CSS for frontend and NodeJS, MongoDB for backend. This education project was focused on building a user-friendly and flexible template for the admin to create and modify their own personalized drag and drop quiz game and provide the students with exciting rewards and aims on providing course methodology adjustment for education purpose.

Saloni has proven to be responsible and steps up to a leadership role whenever the situation calls for it. She along with her team has been very cooperative and have shown great collaborative efforts with our team at SPPU in order to run the project run smoothly.

Further, I certify that the information provided about this project is correct to the best of our knowledge.

Thanks & Regards,

Professor Dilip G. Kanhere
